WALL MOUNT INDUSTRIAL
CABINET ACCESSORIES

Key Lock
- Flush-style key lockable doors available front and rear.

Cooling
- Fans for thermal load management available. Optional filter kit is recommended.

Gasketing
- Gasketing for NEMA/Harsh environment applications available. Gasketing is 1 piece extruded neoprene, attached by 3M heat sensitive adhesive.

Electronic Locking

Sound Dampening
To reduce the transmitted noise levels of the server space, CableTalk can permanently adhere acoustic insulation to the inside of full size cabinets or wall mount cabinets.
- 1" thick acoustic insulation is manufactured from inorganic glass fiber bonded with a thermosetting binder and has a black mat bonded to the surface which faces the airstream.
- Insulation is permanently glued to the inside of door, sides, top and bottom of cabinet.
